

GOLF ADVISORY COMMITTEE
Held June 2, 2021 via ZOOM Call

- ***1. Recommend the following qualifying criteria for advancing from district to the state tournament.

Team Qualifying: The District Champion and Runner-up teams will advance their top four player scores from district tournament play to the state tournament. If a team's fourth and fifth player score is a tie, both players will advance to the state tournament but will not count as part of the top 12 individuals.

Note: If a qualifying team's 5th player score places them in the top 12 individuals, then the 5th player is permitted to advance with the other four team members to the state tournament.

Note: If a team's 5th player score places in the top 12 individuals, they count as one of the 12 individuals that advance to state.

Note: A school that qualifies 4 or 5 individuals to the state tournament will also be permitted to compete in team competition.

Individual Qualifying: After removing the player scores from qualifying teams (district champion, runner-up), the remaining top 12 individual player scores, including ties, will advance to the state tournament. Note: If a team's 5th player places in the top 12 individuals, they count as one of the 12 individuals that advance to state.

2. Recommend pairings for the state tournament be administered as follows:

Day 1: Teams paired together based on district placement. Team will start off the front nine. Individuals paired together based on district scores. Individuals will start off the back nine.

Day 2: All golfers will be paired as individuals using players scores from Day 1.

Note: See pairings instructions from 2019-2020.

3. Recommend adding the "Golf Advisory Recommendations for Hosting MSHSAA District Golf tournaments" from the district manager manual to the MSHSAA Golf Manual.
4. Recommend an addition to the Inclement Weather Policy for the state tournament as follows:

In the event of changes to tournament play due to inclement weather or other circumstances, coaches will be notified via text or email using the REMIND mass messaging system in addition to posts/updates on the MSHSAA website. Coaches will be asked to join the REMIND messaging system when in attendance at the State Coaches Meeting.
